"Elvis Takes a Back Seat" award-winning novelist Leanna Ellis is the endearing story of Claudia, a young widow determined to fulfill her husband's last request by hauling a three-foot bust of Elvis Presley in the backseat of a vintage Cadillac from Dallas to Memphis to return it to its rightful owner. The road trip--taken with an eccentric aunt who actually knew the "King of Rock 'n' Roll," and a temperamental teen with a suspicious mind of her own--hits some royal roadblocks and detours as these women uncover pieces of their past along with the bust's mysterious history. What they find along the way changes their lives forever, inspiring readers to also step out in faith. Endorsements: Brilliant Charming I absolutely adored it With memorable characters, "Elvis Takes a Back Seat" is an emotional journey well worth taking. I laughed, I cried, I sighed in contentment.
