"The Law of Attraction" is truly an amazing phenomenon that is available to anyone, anywhere at absolutely no cost. However, putting it into action is a whole different story. This powerful law is no secret, many have known of it for years and with great effort they still can't get it to work to their advantage. "The Awakening" will show you the actions you must take to start attracting the life you dream of. -If "The Secret" seemed to simplistic for you, "The Awakening" will fill in the gaps. -The three powerful steps - spelled out clearly - for getting from where you are now to where you really want to be. -The number one way most of us sabotage our success, why we do it and how to change it immediately. -The seven deadly sins that literally push your good away from you no matter how much you believe in "The Law of Attraction."
