出版者:Routledge

出版时间:2008-11-30

装帧:Paperback

isbn:9780415425865

Hannah Arendt's work offers a powerful critical engagement with the cultural and philosophical crises of mid-twentieth-century Europe. Her idea of the banality of evil, made famous after her report on the trial of the Nazi war criminal, Adolf Eichmann, remains controversial to this day. In the face of 9/11 and the 'war on terror', Arendt's work on the politics of freedom and the rights of man in a democratic state are especially relevant. Her impassioned plea for the creation of a public sphere through free, critical thinking and dialogue provides a significant resource for contemporary thought. Covering her key ideas from *The Origins of Totalitarianism* and *The Human Condition* as well as some of her less well-known texts, and focussing in detail on Arendt's idea of storytelling, this guide brings Arendt's work into the twenty-first century while helping students to understand its urgent relevance for the contemporary world.

评论

A very clearly written introduction to Hannah Arednt's thought. Some sessions center on her works, or some treat major themes that run through her thought. She is for sure a fox and her fascination with stories makes so much sense when she resonates with Benjamin. The idea of the world as a table where people gather together is very Christian.

"We are all, in a sense, potential (or real) Eichmenn."
