It's the newest thing in crafting: a mix of crochet and beadwork. This book includes over 50 projects for necklaces, earrings, and bracelets are all easy to make, using only the most basic stitches. Surround cabochons with a netting of beaded crochet to form the Opal or Stone Pendant Necklaces. The Pearl Frenzy necklace features freshwater pearls threaded into a chain-stitched design. For a matching set of jewels, try the Pretty

in Pink or Snake ensembles. Each project includes colour graphs and diagrams, and there's plenty of information on stringing techniques, selecting the best fibres, combining different sizes and types of beads, and troubleshooting.
