"Baby lovely, Baby sweet, Baby so divine. I love your pretty baby face. Tell me you are mine." From the early morning of a new day to afternoon nap time to the evening bath and bedtime, a baby's life is sometimes quiet, sometimes busy, and always filled with baby love. Newbery Medal recipient Cynthia Rylant and beloved artist Diane Goode joyfully celebrate all of the treasured moments in a baby's life in six read-aloud verses for babies and toddlers to share -- especially with those they love.
