From Karen Siplin, the author of *His Insignificant Other* and *Such a Girl*, comes a passionate and edgy love story about a savvy female celebrity photographer and a small town white contractor that asks, where does a black woman born and raised in the big city go when she wants to escape, and what happens when she gets there? After one too many run-ins with irate A-List celebrities and their bodyguards on the streets of Los Angeles, paparazza Jimi Anne Hamilton has decided to throw in the towel. But when she planned to ride her BMW K 1200 motorcycle from California to New York, she didn't count on having her cross-country adventure interrupted by a motorcycle thief. After the brutal attack, which sees both her motorcycle and camera equipment stolen, she finds herself left with only her helmet, a few clothes, and a bag of money she swiped from her attacker. Disillusioned and hurt, Jimi chooses to recuperate in a nearby town where she meets Caleb Atwood, a local contractor fighting his own demons. Jimi and Caleb make a mismatched pair: black and white, highbrow and low. But in Caleb, Jimi believes she has found someone who is as much of an outsider as she feels. With *Whiskey Road*, Karen Siplin again succeeds in giving readers a story about opposites who manage to see what no one else can - that they're right for each other.
