More wonderful quilts, inspired by the Elm Creek Quilters novels * Each quilt accompanied by an excerpt from the novels * Best-selling series of novels, best-selling series of quilting books The third in the successful Elm Creek Quilts series of quilt books is inspired, once again, by the best-selling Elm Creek Quilts novels. "Publishers

Weekly" praised the novels, saying, "Chiaverini's prose...like the needlework she portrays, proves intricate, lovely, comforting, and uniquely American." Now crafters can make even more of the quilts described in their favorite series. Eleven lovely projects are featured, with complete instructions, template patterns, and a section on basic quilting techniques.
