Make, Vol 12 features our special section on digital arts and crafts called "Upload,"

where you'll learn how to take infrared photographs, shoot movies with custom backgrounds, and make fun-to-watch slideshows of your digital family photos. You'll also learn how to make an extremely loud air whistle, a solar-powered xylophone, and a TV remote control that's powered by your muscles. As usual, you'll find plenty of other exciting how-to projects inside.
