Nat, Lise, and Sofia are best friends. This year, their last year of high school, none of them foresees the changes that will occur in their lives.

This is the year that Nat—the go-between, the peacemaker—gets a job and meets a drop-dead gorgeous chef named Josh.

This is the year that Lise—quiet, shy, and solitary Lise—decides to take control of her life by taking control of her weight.

This is the year that Sofia—the ultimate guy magnet—gets her nose pierced and falls seriously in love for the first time in her life.

This is the year that will change each of them forever.
