You don't have to discover penicillin, feed the poor in the streets of Calcutta, or be the first person to swim to Antarctica to make a remarkable difference in the world. The stories in *Spot of Grace* tell about moments when one person did something very simple asked a question in wonder, smiled from the heart, risked a reach across the chasm of isolation so many of us experience. Extraordinary things start with these

ordinary gestures. And as they grow and flourish, they can make a profound difference in someone else's life.
