Hypertension/high blood pressure affects 1 in every 4 adults in this country. Hypertension is a serious condition that can damage the blood vessels and eventually lead to stroke, heart failure, heart attack, kidney failure and vision problems. Whether you're a newly diagnosed patient, or are a friend or relative of someone suffering from high blood pressure, this book offers help. The only text available to provide both the doctor's and patient's views, 100 Questions & Answers About High Blood Pressure (Hypertension) gives you authoritative, practical answers to your questions. Written by an expert on the subject, with
