Whether you are a collector who wants a fully-finished dolls' house, a miniaturist who wants a ready-made house to decorate, or a hobbyist who wants to make a house

from a kit, "Dolls' House Inspirations" contains a huge variety of exciting projects and ideas. Projects range from a Tudor dolls' house and Georgian mansion, to a French farmhouse and 17th century Dutch house. Garden hobbyists are not forgotten: a whole section on gardens and garden buildings includes delightful projects such as an orangery and a summerhouse.
