When kids open the heavy board covers of this miniature portfolio theyall find a small, information-packed, spiral-bound instruction book attached to its inside front cover and a pad of art paper fastened to the back cover. The instruction book demonstrates the basics of sketching cartoon faces and figures. Attached to the portfolioas inner spine is a box of supplies for drawing cartoons: pencils, fiber-tip pen, eraser and pencil sharpener. Hereas a great take-along activity kit to keep children creatively occupied on car trips or for quiet-time fun.
