Arthur Schwartz knows how Jewish food warms the heart and delights the soul, whether it's talking about it, shopping for it, cooking it, or, above all, eating it. JEWISH HOME COOKING presents authentic yet contemporary versions of traditional Ashkenazi foods-rugulach, matzoh brei, challah, brisket, and even challenging classics like

kreplach (dumplings) and gefilte fish-that are approachable to make and revelatory to eat. Chapters on appetizers, soups, dairy (meatless) and meat entrees, Passover meals, breads, and desserts are filled with lore about individual dishes and the people who nurtured them in America. Light-filled food and location photographs of delis, butcher shops, and specialty grocery stores paint a vibrant picture of America's touchstone Jewish food culture. Stories, culinary history, and nearly 100 recipes for Jewish home cooking from the heart of American Jewish culture, New York City. Written by one of the country's foremost experts on traditional and contemporary Jewish food, cooking, and culinary culture. Schwartz won the 2005 IACP Cookbook of the Year. Reviews and Awards James Beard Foundation Cookbook Award Finalist: American Category IACP International Association of Culinary Professionals Cookbook Awards, American Category Finalist "Jewish Home Cooking helps make sense of the beautiful chaos, with a deep and affectionate examination of New York's Jewish food culture, refracted through the lens of what he calls the Yiddish-American experience."--New York Times Book Review Summer Reading issue, cookbook roundup "Schwartz breathes life into Yiddish cooking traditions now missing from most cities' main streets as well as many Jewish tables. His colorful stories are so distinctive and charming that even someone who has never heard Schwartz's radio show or seen him on TV will feel his warm personality and love for food radiating from the page . . . Cooks and readers from Schwartz's generation and earlier, who know firsthand what he's talking about, will appreciate this delightful new book for the world it evokes as much as for the recipes."--Publishers Weekly
