isbn:9780230605435

This is a comprehensive and cutting-edge study of all the books of the Bible, that goes beyond the present debate between debunkers of religion and the naively pious. It offers a fascinating and valuable review of all the books of the Bible. It is a cutting-edge study, addressing the wide spread interests in the origin of the religious believes. This is a book that goes beyond the present debate between debunkers of religion and the naively pious. This study offers a reading that avoids both literalism and sociological reductionism through a study of the Bible's intricate patterns of imagery. It will appeal to thoughtful people dissatisfied with the religious status quo and looking for a new intellectual starting point.
