Clinton Gregory has a secret. Actually, he has at least 7 big secrets from just last week. Like on Monday when he wrestled a dragon, or on Sunday, when he made paper hats for a ship full of pirates and then rocketed to the moon and back. And the fun doesn't end there...This whimsical picture book reveals a week in the life of Clinton Gregory, a boy with a very active imagination who will appeal to daydreamers everywhere! In the tradition of "Noises At Night" and "Ruthie Bon Bair", Bruce Whatley's bold and energetic illustrations are filled with warmth and fantasy. Whatley believes the art for this book is his best ever!
