The 1968 Democratic National Convention, best known for police brutality against demonstrators, has been relegated to a dark place in American historical memory. "Battleground Chicago" ventures beyond the stereotypical image of rioting protestors and violent cops to reevaluate exactly how - and why - the police attacked antiwar activists at the convention. Working from interviews with eighty former Chicago police officers who were on the scene, Frank Kusch uncovers the other side of the story of '68, deepening our understanding of a turbulent decade.
