This sumptuously illustrated volume is simply packed to bursting with sparkling jewellery for any and all occasions - all made using cut-crystal beads. Organised by season, "The Big Book of Crystal Beads" features more than 70 original projects - including sparkling necklaces, earrings, bracelets, rings, and pendants - accompanied

by step-by-step illustrated instructions. This volume also includes a section that explains basic beading techniques and another that looks at the wide variety of different materials available. It features more than 70 original and stylish projects for sparkling jewellery to go with any occasion.
