For the first time ever, a volume devoted to one of the more popular fantasy/sci fi painters of the past 25 years - Joe Jusko! This book offers readers and fans a chance to witness Jusko's immense and phenomenal career from start to present, offering glimpses of previously never-before-seen material from his files and sketchbooks, his enormously popular comic work, covers and illustrations from his book publishing career, as well as beautifully reproduced images of his personal favorites and insights into his life and creative process.
