Take your playing from ordinary to extraordinary with this all-encompassing book/CD pack for guitarists. You'll receive valuable tips on performing, recording, the music

business, instruments and equipment (including electronics), grooves, fills, soloing techniques, care and maintenance, and more. Styles such as rock, jazz, blues, RandB, and funk are represented through demonstrations of authentic grooves appropriate for each genre. The accompanying CD includes many of the examples in the book (56 tracks with 125+ audio examples), performed both in solo guitar format and in a full-band setting to hear how important concepts fit in with other instruments and ensembles.
