Nothing is more fun than a walk in the woods on a sunny spring day. Abby and her dog Kirby get up early every Saturday to explore the hills above the river, but they don't always see things quite the same. Abby likes to smell the lovely spring flowers. Kirby likes to chase small animals. Abby checks out the animal footprints in the mud. Kirby loves to dig in the dirt. Abby sits in the sun on the riverbank, feeling the wind on her face. Kirby paddles in the water, chasing the ducks and geese. Although they may not always agree, they'll go again tomorrow.
