It's as easy as poking string through a hole! Beautiful beaded jewellery is all the rage - yet many people who love the style hesitate to try making their own. Surprise! The process is actually incredibly simple and fun. Right from the start, this engaging and colourful collection of projects draws you in, presenting all the necessary tools,

materials and techniques in large, bright photographs. A striking 'Earth, Wind, and Fire Necklace' features seed, glass and heart-shaped beads in deep browns, breezy blues, and rich reds. Or be 'Tickled Pink' with a bracelet that's feminine and funky with bold beads and delicate bows. 'Golden Goddess Earrings' shimmer with shells and golden rings. All the pieces are playful, imaginative and a pleasure to create.
