Let David Bach show you a whole new way to prosper—by going green

Internationally renowned financial expert and bestselling author David Bach has always urged readers to put their financial lives in line with their values. But what if your values are a cleaner and greener earth? Most people think that “going green” is an expensive choice they can’t afford. Bach is here to say that you can have both: a

life in line with your green values and a million dollars in the bank.

Go Green, Live Rich outlines fifty ways to make your life, your home, your shopping, and your finances greener—and get rich trying. From driving the right car to making your home energy smart, Bach offers ways to improve the environment while you spend less, save more, earn more, and pay fewer taxes. Best of all, he shows you exactly how to take advantage of the "green wave" in personal finance without the difficult work of evaluating individual stocks. What's more, he will get you thinking about a green business of your own so you can help the world along as it is changing for the better.

David Bach is on a mission to teach the world that you can live a great life by living a green life. With Go Green, Live Rich , you can live in line with your eco-values on the road to financial freedom.
