Nicky Epstein's Signature Scarves delivers what knitting—and Nicky's—fans have been craving: her hallmark embellished style applied to the simple scarf. Inside there are an array of patterns to delight and inspire: a lovely tweedy wrap with appliquéd leaves; a scarf comprised of interlocking bright circles; a deceptively cute piece sporting rows of tiny skulls. Felters will especially love working on the scarf made of interwoven cut felted strips, as well as the one that's knit-then-felted and adorned with autumn roses. The 35 beautifully laid-out and photographed designs fully display Nicky's spectacular range and boundless creativity. Ideal as gifts and short-term projects, scarves never lose their appeal—and when they feature Nicky's special touch, they're irresistible showstoppers that no knitter will want to miss!
