Offering 29 woodworking techniques from the professionals at "Woodworker's Journal", this detailed guide explores everything from the basics of squaring stock and sharpening tools to the intricacies of veneering a drawer face, making this a suitable

collection for both beginning and experienced workers. In-depth instructions, step-by-step colour photographs and large-scale drawings effortlessly guide woodworkers through each project - including handcutting dovetails, making Tambour doors, steam bending and casework joinery. Helpful sidebars and quick tips also present invaluable advice on avoiding costly mistakes and improving productivity.
