Every parent’s dream—the secrets of acclaimed kindergarten teachers revealed!

Countless parents have imagined how much easier life would be if they could get their children to listen and cooperate at home just as they do with their favorite teachers.

This book offers creative tips and activities from award-winning teachers nationwide, detailing the simple techniques they use, why they work, and how to adapt them for use at home. For example, good teachers would never demand their students’ attention by instructing them to “Listen!” —but they might say, “Put on your elephant ears.” And instead of telling them to “Walk quietly,” they might remind them to “Wear your marshmallow feet.”

The book also helps parents of 3- to 6-year-olds support their child’s development the way the best early childhood teachers do—by fostering independence and self-reliance. Parents learn to:

- Understand how children grow and develop
- Realize the importance of rules and controlling Frustration
- Organize their household and create routines
- Handle transitions smoothly
- Give children tools to resolve problems themselves

最先是在一所佛学公益中文学校读到了台版的翻译，后来买了一本英文的和老板家一起学习，方法层面很受启发，但是其实一开始说的理念更加重要。
