A new novel from the reigning queen of erotica, romance, love, and lust. A ("Literary Times") "New York Times" bestselling author Bertrice Small explores the deepest recesses of the imagination where one woman's sexual fantasies lie in wait. Widowed with five children, stay-at-home mom Annie Miller has been just getting by and growing restless because of it. Thinking Annie just needs a vacation, her sister enters her into a contest sponsored by The Channel, a network that caters to delivering women's fantasies. Annie wins the grand prize, a week at a luxurious spa and gets a treat when she turns on the flat-screen TV. The one working channel lets Annie program and experience her own personal fantasy each night. Suddenly she's living out dreams she didn't even know she had. But now that she's experienced a complete sexual awakening, how will everyone in her former life handle this humble homemaker turned vivacious vixen?
