The greatest gifts that a child can receive are an opened mind, a caring heart, and ignited creativity. This fully expanded, illustrated edition of "Nurturing Spirituality in Children" includes sixty-two simple and thought-provoking lessons that can be shared with children in less than ten minutes each. The lessons are easy to prepare and understand; they use commonly available materials and complement a wide variety of religious perspectives. Children who develop a healthy balance of mind and spirit are better able to respond to life's challenges when given the tools to think and discover for themselves. Dr. Jenkins gives scores of age-appropriate activities that help children learn empathy, trust, forgiveness, growth, and inner peace.
