Whenever a relationship or any other area of life isn't working, there will always be an internal, underlying condition of resisting or hanging on that is creating the problem. This condition creates a state of fear, upset and tunnel vision that destroys love and sabotages your life. Until you find and remove this condition, you will be forced to repeat the past. This incredibly profound book walks you through the process of finding and removing this condition. The result is more love, more effectiveness, and a much more enjoyable life.
