ZOOM AHEAD TO the 29th Century and meet WALL • E! He's a lovable robot just doing what he was programmed to do—condense all the Earth's trash into cubes and pile them up. But when a probe ship lands on Earth and a sleek female robot arrives, WALL • E sets off on a new mission—to find love, and change the universe. The whole action-packed sci-fi story of WALL • E, the newest film from Disney • Pixar, is retold through the sweet robotic eyes of WALL • E himself!
