Aspiring chef, Zoe Matthews has lost her job and all hopes of a satisfying future. If that wasn't bad enough, she's just publicly shot down her one and only chance at culinary redemption. Restaurant mogul, Jackson Levy is determined to teach the rude city-slicker a lesson in manners. What she thinks will be a head chef position at one of his fancy restaurants turns out to be a small town diner. Can this city girl and a country boy find common ground? Or is this just a recipe for disaster?
