Nikon's got something special for professional photographers eager to have the latest and best features: the new D3. This top-of-the-line model includes three image-sensor formats; sensitivity range ISO 200 to 6400; an original Scene Recognition system, which utilises the 1,005-pixel RGB sensor and greatly improves autofocus, auto exposure and auto white balance performance; a 51-point autofocus system; and, high-speed continuous shooting at up to 11 fps. Comprehensive information, advice and field tips will ensure that Nikon D3 owners get the very best from this top-of-the-line model.
