With over 1,000 of the latest and most common FDA-approved drugs, the 2009 "Delmar Nurse's Drug Handbook[trademark]" continues to be an essential resource for the most important drug information. Each entry provides a wealth of facts concerning drug action, dosage, interactions, and contraindications. Clear guidelines are also provided for administration of drugs, communication with clients, and nursing considerations. "The Nurse's Drug Handbook[trademark]" highlights prevention of medication errors and clinical accountability like no other drug resource, making it a trusted product for nursing students, practicing nurses, and other health care professionals.
