著者:Adrian Kuzminski

出版者:Continuum

出版时间:2008-6-1

装帧:Paperback

isbn:9780826429605

In the current climate of dissatisfaction with "democratic" Western political and economic systems, this is a timely book that demonstrates a true political Third Way.

Populism is distinguished from other political movements by its insistence on two things conspicuously missing from modern systems of political economy: genuine democracy based on local citizen assemblies, and the widespread distribution among the population of privately-owned economic capital. *Fixing the System* offers a comprehensive historical account of populism, revealing the consistent and distinct history of populism since ancient times. Adrian Kuzminski demonstrates that populism is a tradition of practice as well as thought, ranging from ancient city states to the frontier communities of colonial america-all places where widely distributed private property and democratic decision-making combined to foster material prosperity and cultural innovation.

In calling for a wide distribution of both property and democracy, populism opposes the political and economic system found today in the united states and other Western countries, where property remains highly concentrated in private hands and where representatives chosen in impersonal mass elections frustrate democracy by serving private monied interests rather than the public good. As Kuzminski demonstrates, as one of very few systematic alternatives to today's political and economic system, populism, offers a pragmatic program for fundamental social change that deserves wide and serious consideration. Populism is a genuine "third way" in politics, a middle path between the extremes of corporate anarchy and collective authoritarianism. As America takes stock of her current situation and looks toward the future in the 2008 election year, *Fixing the System* offers a trenchant and timely study of this deep-rooted movement.

作者介绍:

Adrian Kuzminski is a scholar and political activist living in rural upstate New York. Formerly a professor of history at the University of Hawaii, Dr. Kuzminski has been Resident Scholar in Philosophy at Hartwick College since 1997. Dr. Kuzminski has also been a public official and candidate for office who has worked for political change through both the Green and Democratic parties, as well as through various environmental groups. Fixing the System was born out of the fusion of his political experience with his scholarly passions. He is also author of The Soul, published in 1994, and of the forthcoming Pyrrhonism: How the Ancient Greeks Reinvented Buddhism.
