Since 1990 this pocket handbook has been used by thousands of physicians, medical

students, nurse midwives, nurses and other healthcare providers. Now in this 6th Edition you can find everything that you need to provide comprehensive healthcare to women. This Desk Edition contains page-for-page the identical information found in the smaller pocket-sized version but in a larger format. This Desk Edition also contains the PDA Download allowing readers to have the best of both worlds: print and electronic. Written for a wide range of medical professionals, this compendium is dedicated to all aspects of Obstetrics and Gynecology and contains over 500 tables, flowcharts and figures making each topic easier to recall. Many useful resources from recent original articles are now at your fingertips in one source-book.
