This photographic tour of the historic homes and plantations of New Orleans takes you to the city's most storied mansions in the famed Garden District, Uptown, Marigny, and

the French Quarter, as well as to notable others on the outskirts. With photographs of exteriors and rooms of special interest, gardens and curiosities, and with notes about architecture and history, this book is both a genial guide for the visitor and an enchanting visual tour in its own right of a city that has returned from one of the worst natural disasters of recent times.
