Ninety-five per cent of the FTSE 100 companies use psychometric and management tests to select graduate recruits, as do the police, the Civil Service, local authorities, the Armed Forces, the Fire Service, financial institutions, the motor industry and the IT industry. This book gives you the three things needed to pass graduate-level psychometric and management tests: information, confidence and plenty of practice. The book includes: 37 genuine graduate-level practice tests from SHL Group plc, the world's biggest test publisher; genuine practice "Brainstorm", "Scenarios" and "Fastrack" management tests; and advice on online psychometric tests, researching your target employer and assessment centre visits (role plays, group discussions, in-tray exercises, presentations).
