Jamell White is known as Sugar Daddy. Most of the people who know him assume that his nickname "Sugar" is a by-product of his cash-friendly habits with several beautiful, well-known females. But they couldn't be more wrong. Sugar is running game on some of the biggest hustlers on the Gulf Coast . A psychotic drug dealer, a crooked cop, a Puerto Rican cartel, and five hustling, dime-piece women make for a work full of sex, action, and suspense.
