著者:Nina Fischer

出版者:JRP|Ringier

出版时间:2008-6-1

装帧:Paperback

isbn:9783905829181

This publication presents the first comprehensive overview of the German collaborative Fischer/El Sani. Nine of their most important films, installations and photographic works are featured, all of which emphasize the duo's ongoing commitment to dismantling and re-appropriating Modernist architecture. Included are texts by, among others, critics Boris Groys and Jennifer Allen.
