From the darkest depths of artistic angst, from the steaming pits of punk-rock putrescence, from the grinding gears of the Kustom Kulture Krypt comes "The

Workshop of Filthy Creation: The Art of Johnny Ace and Kali Vera". Beginning with his career as an official Big Daddy Roth artist, veering through the birth of punk poster art, and now surfing on the cutting edge of lowbrow art and the new "Kustom Kulture" explosion, Johnny Ace (and his studio cohort, Kali Vera) has taken art by the throat and taught it a lesson it will never forget! Eye-wrecking posters, Fink-tastic sculptures, voodoo pin striping, and every manner of doodad, gimcrack, and unholy talisman imaginable are on display. So get some culture, why don'tcha, and appreciate some art, eh?
