Richard Wright is one of the most important African American writers. He is also one of the most prolific. Best known as the author of "Native Son," he wrote 7 novels; 2 collections of short fiction; an autobiography; more than 250 newspaper articles, book reviews, and occasional essays; some 4,000 verses; a photo-documentary; and 3 travel books. By attacking the taboos and hypocrisy that other writers had failed to address, he revolutionized American literature and created a disturbing and realistic portrait of the African American experience. This encyclopedia is a guide to his vast and influential body of works.
