In the American Revolutionary War, there were at times as many American volunteers in the field fighting for King George as against him. In total something between 30,000

and 50,000 of these Tories served in dozens of units, on all fronts from Canada to Florida, and many regiments distinguished themselves in battle. After the final British defeat the survivors and their families withdrew, many into Canada, where they continued to provide a loyal militia to defend the Crown territory. This book will provide up-dated and comprehensive information on unit identities, commanders, strengths, areas of enlistment, combat record, tactics, uniforms and equipment.
