著者:H. Paul Santmire

出版者:Fortress Press

出版时间:2008-08-01

装帧:Paperback

isbn:9780800662943

Is the Christian faith ecologically bankrupt? Theologian H. Paul Santmire has responded forcefully to that frequently voiced question by maintaining that, notwithstanding ambiguities, a single Christian tradition of long standing has something profoundly promising to say about nature and human life in nature.
