When you look into the eyes of your child, what do you see? You are waiting in the doctor's office, hoping frantically that your name will be called. You look down at your child, realizing at any moment his rage will explode into a full-blown tantrum. What do you do? Drawn from her own personal experience, author Courtney Riegel delves into the challenging world of autism in *Through a Mother's Eyes*. Join Riegel and her 15-month-old son as they begin a difficult journey filled with heartache, frustration, and an unfading hope as they face the challenging world of autism head-on. Courtney Riegel reminds readers that they are not alone, and offers personal experience and helpful diet and detox tips that will lead autistic children down a road of improvement and encouragement. This book provides a message of hope, as well as a wellspring of knowledge for those who feel all hope is lost.
