Sponsored by the University Council on Educational Administration (UCEA), the British Educational, Leadership, Management, and Administration Society (BELMAS), and the Commonwealth Council for Educational Administration and Management (CCEAM), this is the first book to provide a comprehensive and comparative review of what is known about the preparation and development of primary and secondary schools leaders across the globe. It describes current issues and debates and an assessment of where the field of leadership development is headed. This book provides the first comprehensive look at leadership preparation and development across the globe. The chapter authors, all of whom are well known scholars, are drawn from the following countries: USA 8, UK 9, Europe 5, Asia 3, Canada 3, Australia/New Zealand 3, and Africa 3. This book provides researchers and policymakers with critical descriptions and assessments of both topical and geographical areas. Chapter contributors are drawn from a variety of theoretical perspectives and represent all major continents.
