THE FLESH AND BONES OF MEDICAL PATHOLOGY presents a clinically-orientated account of the subject, covering all the key concepts you need with no gaps. You can use it either as an introduction to pathology, or as a revision aid.

Big Picture Section - helps you to relate detail to the subject as a whole  
High Return Facts - reinforces the major points and lets you fill any large gaps in your knowledge  
Cartoon-strip illustrations - lets you visualise difficult concepts in a step-by-step format, and allows information to be grouped into student-friendly sizes  
Double-page overviews - all laid out in one spread, so you can read topic summaries without cross-referencing to other pages
