In the lush rainforest of the Iguazú National Park, toucans and butterflies flit through the trees while sleek jaguars prowl the jungle floor. Dazzling waterfalls provide a thunderous backdrop while great dusky swifts keep watch overhead. In this magical journey through one of the wonders of the natural world, renowned poet Francisco X. Alarcón follows the Amerindian oral tradition, allowing the animals to speak for

themselves in their own roaring, soaring, fluttering voices. Maya Christina Gonzalez’ s glorious mixed media illustrations bring the vibrant colors and textures of the rainforest to life.
