Come to Ralph's World and meet his friends Freddy Bear, Monster, and Emily Miller. Join Ralph as he works in a dump truck, eats sweets at Peggy's Pie Parlor, goes surfin'

in his imagination, and even does some math. The possibilities for fun are skyhigh. Twelve of Ralph Covert's popular songs are brought together in this first-ever compilation for children to enjoy, featuring whimsical artwork by Charise Mericle Harper that perfectly captures the spirit of Ralph's World. "Ralph's World Rocks "also includes guitar chords and a CD featuring three songs so children can play their favorite tunes and sing along with Ralph
