The final book in the critically acclaimed Fire Thief trilogy concludes the story of Prometheus, who stole fire from the gods. Forced to travel through time to escape

Zeus's avenging eagle, Prometheus arrives in 1785 Eden City and befriends a boy named Sam. Together, Prometheus and Sam must defend Eden City from seven terrifying mythological monsters. Packed full of wry puns, wisecracking gods, and sarcastic footnotes, this action-packed story pokes fun at narrative tradition and takes readers on a wild ride through Greek mythology. Fans who have followed Prometheus's flight through the trilogy's first two adventures will be dazzled by the very surprising ending.
