Gather up your wooden stakes, your blood-covered hatchets, and all the skeletons in the darkest depths of your closet, and prepare for a horrifying adventure into the darkest corners of comics history. Dark Horse Comics further corners the market on high-quality horror storytelling with one of the most anticipated releases of the decade

- a hardcover archive collection of the legendary "Creepy Magazine". This groundbreaking material turned the world of graphic storytelling on its head in the early 1960s, as phenomenal young artists like Bernie Wrightson and Neal Adams reached new artistic heights with their fascinating explorations of classic and modern horror stories.
